FIELD CASE REPORT

NARRATIVE

on 3-31-19 about 1730 hours Mark R Ethchieson had James Russell Bolton come over to his home at 214 E Heroy. Mark thought James was wanting to buy some tables he had. Mark said he was walking down to the basement, and felt a hard push in his back, making him fall down the stairs and hitting his head on the concrete. Mark said he was laying on the ground and James said he was sorry. He tripped on some carpet and lost his balance, that is why he had pushed Mark. Mark said he has a bad back and couldn't get up. James was trying to help Mark up. He had helped Mark get to his knees, but he couldn't get past that. Mark said James had a plastic bag of trash, and James suggested Mark could try and use the bag to get himself up. Mark said James kept covering his nose and mouth with the plastic bag. Every time Mark would move the bag, so he could breath better, James would cover up his mouth and nose again with the bag. At one time Mark said James even pinched his nose, so he couldn't breath from it. Mark shouted out to James "Why are you trying to kill me". James said nothing. Mark said he shouted it out several times, until James calmed down. James walked away from Mark and went upstairs. Mark continued to struggle, got to his feet, and went upstairs. When he got upstairs, James was still there.

When Mark got upstairs, James shouted out to Mark that "they have got Kim". James then told Mark that Kim, James's wife, had been kidnapped and he needed to get \$100,000 in 10 days. Mark went to the calendar and told James he could get him some money by cashing out some of his accounts. He could get the money by April 17th. That got James to calmed down and he started to leave. At the back door, James told Mark he was sorry, and he didn't know what had come over him.

Mark said he needed medical attention, so he went to a neighbor Brian Bonicamp who lives at 227 E Heroy, who took him to Holy Family hospital. He told Brian he had fallen down the stairs.

At the hospital he told staff he had fallen down the stairs. His sister Kathy D McAfee came to the hospital, and he told her he had fallen down the stairs.

On 4-3-19 Mark called crime check to report the assault. An officer was sent, but by that time they arrived, Mark had fallen asleep and didn't answer the door.

Today Mark came down to the front desk of the Spokane police department to see what was happening with his case, and get photographs of his injuries. CSI was called and photographs were taken of Mark's injuries. He said he had some bruises on his back, and a cut on the top of his head. I did observe the cut on top of his head. He said a few stitches were needed.

After calling the police, he told Brian and Kathy the real story. Mark said Brian took some

photographs on a camera for him. He said he would be able to put those on a thumb drive and turn them in at a later time. Mark said he has a written statement at home, but wanted to report the incident now. He wrote out some of his statement, but said he would finish the rest of it at a later time. I will turn in the statement he wrote to records.

Mark said no one else saw the assault, and he didn't know if anyone even saw James at his house.

More follow up is needed. Brian and Kathy need to be contacted along with the suspect James, who lives in Stevens County.

On 3/31/19, 2019, at 214 E. Heroy Ave. (PLACE)						
the following events occurred: A friend came to my house around 5:30 pm unpermittedly. He was appearing in good spirits. He said he was interested in looking at my office tables in my basement. I said ok. He indicated he was interested in maybe buying them. I took him downstairs and on the way down he kicked me hard on my lower back, causing me to fall down the stairs and hit my head on the left side making contact with a sharp cement corner that ripped a 2 inch gash in my skull and was bleeding to the extent that I had to go to the ER at Holy Family. After the fall while I was on my back in pain my friend apologized and said he tripped and hit me. He tried to get me in another position to raise me up as I thought he was sincerely concerned. Shortly a bit of work and I was on my hands and knees ready to try and stand back up. He then put a white Hefty trash bag over my mouth and nose and I tried to move it off and he kept trying to cover my face with it → (Continue on back if needed.)						
I certify, under penalty of perjury, under the laws of the State of Washington, that this entire statement is true and correct.

to suffocate me as he was holding me to the floor. I struggled harder to break free but he was too much force and he was pinching my nose to cut off my breathing. I struggled more to get away but he wouldn't give up. I then yelled out "why are you trying to kill me?" "Why" I then said in a yell "If I have to die then tell me why, what exactly did I do, at least tell me what is going on".

I tried to reason with him to get him off me and he slowly started to calm down and he got off me and started walking up the stairs. I got myself upright and limped up the stairs in severe pelvis and lower back pain due to an arthritic SI joint condition that I have and I can't walk very good or for long, especially walking, sitting down and standing.
